Hiring Manager

To Whom It May Concern

Dear Hiring Manager,

I'm writing to express my interest in temporary tech-focused roles. As a B.Sc. Mathematics and Computer Science student with a strong foundation in data science, cybersecurity, and machine learning, I'm eager to contribute my skills while continuing to learn and grow professionally.

Why I'm a Strong Fit:

- Data Science Expertise: I completed Cisco's Introduction to Data Science course, gaining core skills in analytics and AI concepts.
- Cybersecurity Knowledge: I hold a Cisco certificate in Introduction to Cybersecurity and am expanding my knowledge through ethical hacking and web security platforms.
- Machine Learning Practice: I've worked on training NLP models and annotating data for computer vision under hardware constraints.
- Web & Software Development: I built a movie recommendation site using HTML/CSS/JS and APIs like TMDb, demonstrating my ability to build functional apps.

What Sets Me Apart:

- Adaptability & Drive: I thrive in dynamic environments and am currently learning ethical hacking

and web security.

- Real-World Experience: My GitHub and portfolio showcase hands-on projects bridging theory and practice.
- Passion for Tech: Im genuinely excited about solving problems through technology and working with mission-driven teams.

Im especially drawn to organizations that support learning, innovation, and ethical tech development. Im confident I can contribute effectively and would appreciate the opportunity to discuss how my skills align with your needs.

Thank you for your time and consideration.

Sincerely,

Mandla Motaung
